En ningún caso deberá presentarlo después de cinco meses a partir de esa fecha. Cualquier Parte podrá hacer observaciones por escrito al panel arbitral sobre el informe preliminar dentro de los 15 días siguientes a su presentación.
2. El panel arbitral presentará a las Partes un informe final en un plazo de 30 días contados a partir de la presentación del informe preliminar.

4. Todas las decisiones del panel arbitral, incluyendo la adopción del informe final y cualquier decisión preliminar deberán tomarse por mayoría de votos. Cada árbitro tendrá un voto.
5. La Parte reclamante podrá retirar su reclamación en cualquier momento antes de la presentación del informe final. El retiro será sin perjuicio del derecho a presentar una nueva reclamación en relación con el mismo asunto en una fecha posterior.

**Artículo 42 - Cumplimiento del informe de un panel**

1. Cada Parte estará obligada a tomar las medidas pertinentes para cumplir con el informe final a que se refiere el artículo 41 (2).
2. La Parte afectada informará a la otra Parte dentro de los 30 días posteriores a la presentación del informe final sus intenciones en relación con el cumplimiento del mismo.
3. Las Partes procurarán acordar las medidas específicas que se requieran para cumplir con el informe final.
4. La Parte afectada deberá cumplir con el informe final sin demora. En caso de que no sea posible cumplir inmediatamente, las Partes procurarán acordar un plazo razonable para hacerlo. En ausencia de este acuerdo, cualquier Parte podrá solicitar al panel arbitral original que determine, a la luz de las circunstancias particulares, el plazo razonable. El panel arbitral deberá emitir su dictamen dentro de los 15 días posteriores a la solicitud.
5. La Parte afectada notificará a la otra Parte las medidas adoptadas para dar cumplimiento al informe final antes de la conclusión del plazo razonable establecido de conformidad con el párrafo 4. Al recibir la notificación, cualquiera de las Partes podrá solicitar al panel arbitral original que se pronuncie sobre la conformidad de las medidas con el informe final. El panel arbitral deberá emitir su dictamen dentro de los 60 días posteriores a la solicitud.
6. Si la Parte afectada no notifica las medidas para dar cumplimiento al informe final antes de la conclusión del plazo razonable establecido de conformidad con el párrafo 4, o si el panel arbitral determina que las medidas para dar cumplimiento al informe final notificadas por la Parte afectada son incompatibles con el informe final, esa Parte deberá, si así lo solicita la Parte reclamante, celebrar consultas con objeto de acordar una compensación mutuamente aceptable. En caso de que las Partes no lleguen a un acuerdo dentro de los 20 días siguientes a la solicitud, la Parte reclamante podrá suspender la aplicación de beneficios otorgados en los instrumentos jurídicos abarcados, que tengan únicamente efecto equivalente a aquéllos afectados por la medida que se determinó ser violatoria de los instrumentos jurídicos abarcados.
7. Al considerar qué beneficios suspender, la Parte reclamante buscará suspender beneficios, primeramente en el mismo sector o sectores que resultaron afectados por la medida que el panel arbitral determinó ser violatoria de los instrumentos jurídicos abarcados. La Parte reclamante que considere que no resulta práctico o efectivo suspender beneficios en el mismo sector o sectores, podrá suspender beneficios en otros sectores.
8. La Parte reclamante notificará a la otra Parte los beneficios que pretende suspender a más tardar 60 días antes de que la suspensión tenga lugar. Cualquier Parte podrá, dentro de los siguientes 15 días, solicitar al panel arbitral original que determine si los beneficios que la Parte reclamante va a suspender son equivalentes a aquéllos afectados por la medida que se determinó ser violatoria de los instrumentos jurídicos abarcados y si la suspensión propuesta es compatible con los párrafos 6 y 7. El panel arbitral emitirá su dictamen dentro de los 45 días siguientes a la presentación de la solicitud. No podrán suspenderse beneficios hasta que el panel arbitral haya emitido su dictamen.
9. La suspensión de beneficios será temporal y la Parte reclamante la aplicará hasta que la medida que se determinó ser violatoria de los instrumentos jurídicos abarcados haya sido retirada o modificada de manera que se ponga en conformidad con los instrumentos jurídicos abarcados, o hasta que las Partes hayan alcanzado un acuerdo para la solución de la controversia.

- 10 A petición de cualquier Parte, el panel arbitral original emitirá un dictamen sobre la compatibilidad del informe final con las medidas para dar cumplimiento al mismo después de la suspensión de beneficios y, a la luz de ese dictamen, decidirá si la suspensión de beneficios debe darse por terminada o modificarse. El panel arbitral emitirá su dictamen dentro de los 30 días siguientes a la fecha de la solicitud.
11. Los dictámenes previstos en los párrafos 4, 5, 8 y 10 serán obligatorios.

**Artículo 43 - Disposiciones generales**

1. Cualquier plazo establecido en este título podrá ser extendido por acuerdo mutuo de las Partes.
2. A menos que las Partes acuerden otra cosa, los procedimientos ante el panel arbitral seguirán las reglas modelo de procedimiento establecidas en el anexo III. El Comité Conjunto podrá modificar las reglas modelo de procedimiento.
3. Los procedimientos arbitrales establecidos de conformidad con este título no considerarán asuntos relacionados con los derechos y obligaciones de las Partes adquiridos en el marco del Acuerdo por el que se establece la OMC.
4. El recurso a las disposiciones del procedimiento de solución de controversias establecido en este título será sin perjuicio de cualquier acción posible en el marco de la OMC, incluyendo la solicitud de un procedimiento de solución de controversias. Sin embargo, cuando una Parte haya iniciado un procedimiento de solución de controversias conforme al Artículo 39 (1) de este título o al Acuerdo por el que se establece la OMC en relación con un asunto particular, no podrá iniciar un procedimiento de solución de controversias con respecto a la misma materia en el otro foro hasta que el primer procedimiento haya concluido. Para efectos de este párrafo se considerarán iniciados los procedimientos de solución de controversias en el marco de la OMC cuando una Parte haya presentado una solicitud para el establecimiento de un grupo especial de conformidad con el artículo 6 del Entendimiento Relativo a las Normas y Procedimientos por los que se rige la Solución de Controversias de la OMC.

#### Anexo I (Referido en el Artículo 17)

##### Parte A – La Comunidad y sus Estados Miembros

1. La aplicación del capítulo III para la Comunidad y sus Estados Miembros está sujeta a las limitaciones sobre acceso al mercado y trato nacional estipulado por la Comunidad y sus Estados Miembros en la sección de “todos los sectores” de su lista de compromisos del AGCS y de aquéllos relacionados a los sub-sectores listados abajo.
2. Los compromisos de acceso al mercado con respecto al modo (1) y (2) aplican sólo a las transacciones indicadas en el párrafo B.3 y B.4 de la sección “Acceso a los mercados” del “Entendimiento Relativo a los Compromisos en Materia de Servicios Financieros” del AGCS, respectivamente.
3. A diferencia de las filiales extranjeras, las sucursales de una institución financiera mexicana establecidas directamente en un Estado Miembro no están sometidas, salvo algunas excepciones, a las regulaciones prudenciales armonizadas a nivel comunitario, las cuales permiten que dichas filiales se beneficien de mayores facilidades para abrir nuevos establecimientos, así como proveer servicios transfronterizos en toda la Comunidad. Por lo tanto, las sucursales reciben una autorización para operar en el territorio de un Estado Miembro en condiciones equivalentes a aquellas aplicadas a las instituciones financieras nacionales de ese Estado Miembro, y se les puede requerir que cumplan con ciertos requisitos prudenciales específicos. Ejemplos de lo anterior, en el caso de banca y valores, serían el mantener una capitalización separada, entre otros requerimientos de solvencia, así como también de información y publicación de cuentas. En el caso de seguros, constituirían ejemplos de medidas prudenciales los requisitos de garantía y depósitos, de capitalización separada, y la obligación de ubicar en el Estado Miembro donde está establecida la sucursal los activos de las reservas técnicas y, al menos un tercio del margen de solvencia. Los Estados Miembros pueden aplicar las restricciones señaladas en esta lista únicamente con relación al establecimiento directo de la presencia comercial de una sucursal mexicana o a la prestación de servicios transfronterizos desde México. Consecuentemente, un Estado Miembro no puede aplicar tales restricciones, incluyendo aquéllas relacionadas con el establecimiento, a filiales mexicanas establecidas en otros Estados Miembros de la Comunidad, a menos que las restricciones también sean aplicables a compañías o nacionales de otros Estados Miembros, de conformidad con la legislación comunitaria.

#### **II. - Obligaciones de declaración**

##### *Nota Introductoria:*

*El principio fundamental de este código de conducta consiste en que todo candidato o árbitro debe revelar la existencia de cualquier interés, relación o asunto que pudiere afectar su independencia o imparcialidad o que pudiere razonablemente crear una apariencia de deshonestidad o de parcialidad. Existe apariencia de deshonestidad o de parcialidad cuando una persona razonable, con conocimiento de todas la circunstancias pertinentes que una investigación razonable podría arrojar,*

*concluiría que se encuentra menoscabada la capacidad del candidato o árbitro para llevar a cabo sus deberes con integridad, imparcialidad y de manera competente.*

*Sin embargo, este principio no debe ser interpretado de tal manera que la carga de efectuar revelaciones detalladas haga imposible a los juristas o las personas del medio empresarial aceptar fungir como árbitros, privando así a las Partes y los participantes de quienes puedan ser los mejores árbitros. Consecuentemente, no debe requerirse a los candidatos y árbitros revelar intereses, relaciones o asuntos que tengan una influencia trivial sobre el procedimiento.*

*Los candidatos y árbitros tienen la obligación continua de revelar, durante todo el procedimiento, los intereses, relaciones y asuntos que puedan estar vinculados con la integridad o imparcialidad del sistema de solución de controversias.*

*Este código de conducta no determina si, con base en las revelaciones realizadas, las Partes recusarán o destituirán a un candidato o árbitro de un panel o comité, o en qué circunstancias lo harían.*

- A. Todo candidato revelará cualquier interés, relación o asunto que pudiera afectar su independencia o imparcialidad o que pudiera razonablemente crear una apariencia de deshonestidad o de parcialidad en el procedimiento. Para tal efecto, los candidatos realizarán todo esfuerzo razonable para enterarse de cualesquiera de tales intereses, relaciones y asuntos.

Los candidatos revelarán tales intereses, relaciones y asuntos completando la Declaración Inicial que les será proporcionada por el Comité Conjunto, y enviándola a este último.

Sin limitar la generalidad de lo anterior, todo candidato revelará los siguientes intereses, relaciones y asuntos:

- (1) cualquier interés financiero del candidato:
  - (a) en el procedimiento o en su resultado; y
  - (b) en un procedimiento administrativo, un procedimiento judicial interno u otro procedimiento ante un panel arbitral o comité, que involucre cuestiones que puedan ser decididas en el procedimiento para el cual el candidato esté siendo considerado;
- (2) cualquier interés financiero del patrón, socio, asociado o árbitro de la familia del candidato:
  - (a) en el procedimiento o en su resultado; y
  - (b) en un procedimiento administrativo, un procedimiento judicial interno u otro procedimiento ante un panel arbitral o comité, que involucre cuestiones que puedan ser decididas en el procedimiento para el cual el candidato esté siendo considerado;
- (3) cualquier relación, presente o pasada, de carácter financiero, comercial, profesional, familiar o social con cualesquiera partes interesadas en el procedimiento, o con sus asesores, o cualquier relación de ese carácter que tenga el patrón, socio, asociado o árbitro de la familia del candidato; y
- (4) cualquier prestación de servicios como defensor de oficio, o como representante jurídico, o de otro tipo, relativa a alguna cuestión controvertida en el procedimiento o que involucre los mismos bienes.

- B. Una vez designados, los árbitros continuarán realizando todo esfuerzo razonable para enterarse de cualesquier intereses, relaciones o asuntos a los que se refiere la sección A, y deberán revelarlos. La obligación de revelar es permanente y requiere que todo árbitro revele cualesquiera de tales intereses, relaciones y asuntos que pudieren surgir en cualquier fase del procedimiento.

Todo árbitro revelará tales intereses, relaciones y asuntos comunicándolos por escrito al Comité Conjunto, para consideración de las Partes.

### **III. Desempeño de las funciones de los candidatos y árbitros**

- B. Todo árbitro cumplirá sus deberes de manera justa y diligente.
- C. Todo árbitro cumplirá las disposiciones de este título y con las Reglas Modelo de Procedimiento establecidas en el anexo III o cualesquier otras.
- D. Ningún árbitro privará a los demás árbitros del derecho de participar en todos los aspectos del procedimiento.
- E. Los árbitros sólo considerarán las cuestiones controvertidas que hayan surgido en el procedimiento y necesarias para tomar una decisión. Salvo disposición en contrario de las Reglas Modelo de procedimiento establecidas en el anexo III u otras aplicables, ningún árbitro delegará en otra persona el deber de decidir.
- F. Los árbitros tomarán todas las providencias razonables para asegurar que sus asistentes y personal cumplan con las Partes I, II y VI de este Código de Conducta.
- G. Ningún árbitro establecerá contactos *ex parte* en el procedimiento.
- H. Ningún candidato o árbitro divulgará aspectos relacionados con violaciones o con violaciones potenciales a este Código de Conducta, a menos que lo haga al Comité Conjunto o que sea necesario para averiguar si el candidato o árbitro ha violado o podría violar el Código.

### **IV. Independencia e imparcialidad de los árbitros**

- A. Todo árbitro será independiente e imparcial. Todo árbitro actuará de manera justa y evitará crear una apariencia de deshonestidad o de parcialidad.

- D. Ningún árbitro usará su posición en el panel arbitral o comité en beneficio personal o privado. Todo árbitro evitará tomar acciones que puedan crear la impresión de que otras personas están en una posición especial para influenciarlo. Todo árbitro realizará todo su esfuerzo para prevenir o desalentar a que otras personas ostenten que están en tal posición.
- E. Ningún árbitro permitirá que su juicio o conducta sean influenciados por relaciones o responsabilidades, presentes o pasadas, de carácter financiero, comercial, profesional, familiar o social.
- F. Todo árbitro evitará establecer cualquier relación o adquirir cualquier interés, de carácter financiero, que sea susceptible de influenciar su imparcialidad o que pudiere razonablemente crear una apariencia de deshonestidad o de parcialidad.

#### **V. Obligaciones específicas**

Todo ex-árbitro evitará crear la apariencia de haber sido parcial en el desempeño de sus funciones como árbitro o de que podría beneficiarse de la decisión del panel arbitral o comité.

#### **VI. Confidencialidad**

- A. Los árbitros o ex-árbitros nunca revelarán ni utilizarán información relacionada con el procedimiento o adquirida durante el mismo, que no sea del dominio público, excepto para propósitos del procedimiento. En ningún caso, los árbitros o ex-árbitros revelarán o utilizarán dicha información para beneficiarse, para beneficiar a otros o para afectar desfavorablemente los intereses de otros.
- B. Ningún árbitro revelará un informe de un panel arbitral emitido de conformidad con este título antes de su publicación por el Comité Conjunto. Los árbitros o ex-árbitros nunca revelarán la identidad de los árbitros asociados con las opiniones de la mayoría o la minoría en un procedimiento desarrollado de conformidad con este título.
- C. Los árbitros o ex-árbitros nunca revelarán las deliberaciones de un panel arbitral o comité, o cualquier opinión de un árbitro, excepto cuando una ley lo requiera.

#### **VII. Responsabilidades de los asistentes y del personal**

Las Partes I (Responsabilidades respecto del Sistema de Solución de Controversias), II (Obligaciones de Declaración) y VI (Confidencialidad) del presente código de conducta se aplican también a los asistentes y al personal.

  - (b) perturbaciones graves en cualquier sector de la economía o dificultades que pudieran traer un deterioro grave en la situación económica de una región de la Parte importadora,la Parte importadora podrá adoptar medidas apropiadas bajo las condiciones y de conformidad con los procedimientos establecidos en este artículo.
2. Las medidas de salvaguardia no excederán lo necesario para remediar las dificultades que hayan surgido, y consistirán, normalmente, en la suspensión de las reducciones adicionales de la tasa arancelaria aplicable prevista en esta Decisión para el producto que corresponda, o en el incremento de la tasa arancelaria para ese producto.
3. Tales medidas contendrán elementos claros que lleven progresivamente a su eliminación al final del período establecido. Las medidas no deberán ser aplicadas por un período que exceda de un año. En circunstancias muy excepcionales, las medidas de salvaguardia podrán ser aplicadas por un período máximo de hasta tres años. Ninguna nueva medida de salvaguardia podrá ser aplicada a la importación de un producto que haya estado sujeto a otra medida de esa índole, hasta que transcurran, por lo menos, tres años desde la expiración de esa otra medida.
4. La Parte que pretenda aplicar medidas de salvaguardia de conformidad con este artículo, ofrecerá a la otra Parte compensación en la forma de liberalización comercial sustancialmente equivalente en relación con las importaciones de esta última. La oferta de liberalización consistirá normalmente en concesiones que tengan efectos comerciales sustancialmente equivalentes, o en concesiones sustancialmente equivalentes al valor de los aranceles adicionales que se esperen resulten de la medida de salvaguardia.
5. La oferta se hará antes de la adopción de la medida de salvaguardia y simultáneamente con la entrega de información y la remisión al Comité Conjunto, según lo previsto en este artículo. En caso de que la oferta no resulte satisfactoria para la Parte contra cuyo producto se pretenda aplicar la medida de salvaguardia, ambas Partes podrán acordar, en las consultas referidas en este artículo, otros medios de compensación comercial.
6. Si las Partes no logran llegar a un acuerdo sobre la compensación, la Parte contra cuyo producto se aplique la medida de salvaguardia podrá tomar acciones arancelarias compensatorias que tengan un efecto comercial sustancialmente equivalente a la medida de salvaguardia aplicada de conformidad con este artículo. La Parte que tome la acción arancelaria compensatoria la aplicará, como máximo, por el período necesario para alcanzar efectos comerciales equivalentes.
7. En los casos referidos en este artículo, antes de aplicar las medidas previstas en el mismo, o tan pronto como sea posible, en los casos en que el párrafo 8 (b) resulta aplicable, México o la Comunidad, según sea el caso, suministrará al Comité Conjunto toda la información pertinente, con miras a encontrar una solución aceptable para ambas Partes.
8. Las siguientes disposiciones aplican a la ejecución de los párrafos anteriores:

<sup>2</sup> Un impuesto que se ajuste a las prescripciones de la primera frase no deberá ser considerado como incompatible con las disposiciones de la segunda frase sino en caso de que haya competencia entre, por una parte, el producto sujeto al impuesto, y, por la otra parte, un producto directamente competidor o que puede sustituirlo directamente y que no esté sujeto a un impuesto similar.

- (a) Las dificultades que surjan de las situaciones referidas en este artículo serán remitidas al Comité Conjunto para su análisis, y éste podrá tomar cualquier decisión necesaria para resolver tales dificultades.
- Si el Comité Conjunto o la Parte de exportación no ha tomado una decisión para resolver las dificultades, o no se ha llegado a otra solución satisfactoria dentro de los 30 días siguientes a que el asunto hubiere sido referido al Comité Conjunto, la Parte de importación podrá adoptar las medidas apropiadas para remediar el problema, y, en la ausencia de una compensación mutuamente acordada, la Parte contra cuyo producto la medida ha sido aplicada podrá adoptar acciones arancelarias compensatorias de conformidad con este artículo. Esa acción arancelaria compensatoria se notificará de inmediato al Comité Conjunto. En la selección de las medidas de salvaguardia y de la acción arancelaria compensatoria, se dará prioridad a aquellas que menos perturben el funcionamiento de los acuerdos establecidos en esta Decisión.
- (b) Cuando circunstancias excepcionales y críticas que exijan una acción inmediata que haga imposible el suministro previo de la información o el análisis, según sea el caso, la Parte afectada podrá, en las situaciones definidas en este artículo, aplicar sin dilación medidas precautorias necesarias para enfrentar la situación, e informará inmediatamente de ello a la otra Parte.
- (c) Se notificará de inmediato al Comité Conjunto las medidas de salvaguardia y éstas serán objeto de consultas periódicas en ese órgano, particularmente con el fin de establecer un calendario para su eliminación, tan pronto como las circunstancias lo permitan.
9. México o la Comunidad, respectivamente, informará a la otra Parte de los casos en que cualquiera de ellas sujete las importaciones de productos susceptibles de originar las dificultades referidas en este artículo, a un procedimiento administrativo que tenga como propósito la rápida entrega de información sobre la tendencia de los flujos comerciales.

#### **Artículo 16 - Cláusula de escasez**

1. Cuando el cumplimiento con las disposiciones del capítulo I o el artículo 12 provoque:
- (a) una escasez aguda o una amenaza de escasez aguda de productos alimenticios o de otros productos esenciales para la Parte de exportación; o
- (b) una escasez de cantidades indispensables de materiales nacionales para una industria procesadora nacional, durante periodos en los que el precio interno de esos materiales se mantenga por debajo del precio mundial como parte de un programa gubernamental de estabilización; o
- (c) la reexportación a un tercer país de un producto respecto del cual la Parte de exportación mantenga aranceles aduaneros sobre la exportación, o prohibiciones o restricciones a la exportación,
- y cuando las situaciones antes mencionadas ocasionen o pudieran ocasionar graves dificultades para la Parte exportadora, esa Parte podrá adoptar restricciones a la exportación o aranceles aduaneros sobre la exportación.
2. Al seleccionar las medidas, se dará prioridad a las que menos perturben el funcionamiento de los acuerdos establecidos en esta Decisión. No se aplicarán tales medidas de manera que constituyan un medio de discriminación arbitraria o injustificable cuando prevalezcan las mismas condiciones, o una restricción encubierta al comercio, y serán eliminadas cuando las condiciones ya no justifiquen el que se mantengan. Además, las medidas que puedan ser adoptadas de conformidad con el párrafo 1 (b) de este artículo no operarán para incrementar las exportaciones o la protección otorgada a la industria procesadora nacional afectada, y no se apartarán de las disposiciones de esta Decisión relativas a la no discriminación.
3. Antes de aplicar las medidas previstas en el párrafo 1 de este artículo o, tan pronto como sea posible en los casos en que el párrafo 4 de éste artículo se aplique, México o la Comunidad, según sea el caso, suministrará al Comité Conjunto toda la información pertinente con miras a encontrar una solución aceptable para ambas Partes. Las Partes, en el seno del Comité Conjunto, podrán acordar cualquier medio necesario para poner fin a las dificultades. Si no se llega a un acuerdo dentro de los 30 días a partir de que el asunto se hubiere presentado ante el Comité Conjunto, la Parte de exportación podrá aplicar las medidas a la exportación del producto de que se trate, conforme a este artículo.
4. Cuando circunstancias excepcionales y críticas que exijan una acción inmediata que haga imposible el suministro previo de la información o el análisis, según el caso, México o la Comunidad, la que se vea afectada, podrá aplicar sin dilación las medidas precautorias necesarias para enfrentar la situación, e informará inmediatamente de ello a la otra Parte.
5. Cualquier medida aplicada conforme a este artículo se notificará inmediatamente al Comité Conjunto y será objeto de consultas periódicas en el seno de ese órgano, particularmente con miras a establecer un calendario para su eliminación, tan pronto como las circunstancias lo permitan.

  - (b) de bienes de conformidad con el anexo VII, de servicios de conformidad con el anexo VIII, o de servicios de construcción de conformidad con el anexo IX;

2. El párrafo 1 está sujeto a las disposiciones del anexo XI.
3. Sujeto a las disposiciones del párrafo 4, cuando el contrato que una entidad vaya a adjudicar no esté cubierto por este título, no podrán interpretarse las disposiciones de este título en el sentido de abarcar a los componentes de cualquier bien o servicio de ese contrato.
4. Ninguna de las Partes preparará, elaborará ni estructurará un contrato de compra de tal manera que evada las obligaciones de este título.
5. Compras incluye adquisiciones por métodos tales como compra, arrendamiento o alquiler, con o sin opción de compra.
6. Compras no incluye:
  - (a) acuerdos no contractuales ni forma alguna de asistencia gubernamental, incluso acuerdos de cooperación, transferencias, préstamos, infusiones de capital, garantías, incentivos fiscales y abasto gubernamental de bienes y servicios otorgados a personas o a gobiernos estatales, provinciales y regionales; y
  - (b) la adquisición de servicios de agencias o depósitos fiscales, los servicios de liquidación y administración para instituciones financieras reglamentadas, ni los servicios de venta y distribución de deuda pública.

#### **Artículo 26 - Trato nacional y no discriminación**

1. En lo que respecta a todas las leyes, reglamentos, procedimientos y prácticas relativas a compras gubernamentales cubiertas por este título, cada Parte concederá de forma inmediata e incondicional a los productos, servicios y proveedores de la otra Parte, un trato no menos favorable que el otorgado a sus productos, servicios y proveedores nacionales.
2. En lo que respecta a todas las leyes, reglamentos, procedimientos y prácticas relativas a compras gubernamentales cubiertas por este título, cada Parte se asegurará de que:
  - (a) sus entidades no den a un proveedor establecido localmente un trato menos favorable que el otorgado a otro proveedor establecido localmente, en razón del grado de afiliación extranjera o propiedad de una persona de la otra Parte; y
  - (b) sus entidades no discriminen en contra de proveedores establecidos localmente en razón del país de producción del producto o servicio a suministrarse, siempre que el país de producción sea la otra Parte.
3. Las disposiciones de los párrafos 1 y 2 no aplicarán a los aranceles aduaneros u otros cargos de cualquier tipo, impuestos o en conexión con la importación, al método de percepción de tales derechos y cargos, a los demás reglamentos y formalidades de importación, ni a las medidas que afectan al comercio de servicios, aparte de las leyes, reglamentos, procedimientos y prácticas relativas a las compras gubernamentales cubiertas en este título.

#### **Artículo 27 - Reglas de origen**

1. Ninguna Parte aplicará reglas de origen a los bienes importados de la otra Parte para efectos de compras gubernamentales cubiertas por este título que sean diferentes o incompatibles con las reglas de origen que la Parte aplique en las operaciones comerciales normales.
2. Una Parte podrá denegar los beneficios de este título a un prestador de servicios de la otra Parte, previa notificación y realización de consultas, cuando la Parte determine que el servicio está siendo prestado por una empresa que es propiedad o está bajo el control de personas de un país que no es Parte y no realiza actividades de negocios sustanciales en el territorio de cualquiera de las Partes.

#### **Artículo 28 - Prohibición de condiciones compensatorias especiales**

<sup>3</sup> El valor de los umbrales serán calculados y ajustados de conformidad con las disposiciones señaladas en el Anexo X.

Cada Parte se asegurará de que sus entidades no tomen en cuenta, soliciten ni impongan condiciones compensatorias especiales en la calificación y selección de proveedores, bienes o servicios, en la evaluación de ofertas o en la adjudicación de contratos. Para efectos de este artículo, son condiciones compensatorias especiales las condiciones que una entidad imponga o tome en cuenta previamente, o durante el procedimiento de compra, para fomentar el desarrollo local o mejorar las cuentas de la balanza de pagos, por medio de requisitos de contenido local, concesión de licencias para el uso de tecnología, inversión, comercio compensatorio u otros requisitos análogos.

#### **Artículo 29 - Procedimientos de compra y otras disposiciones**

1. México aplicará las reglas y procedimientos especificados en la parte A del anexo XII y la Comunidad aplicará las reglas y procedimientos especificados en la parte B del anexo XII. Se considera que ambos juegos de reglas y procedimientos otorgan un trato equivalente entre sí.
2. Las reglas y procedimientos establecidos en el anexo XII sólo podrán ser modificados por la Parte involucrada, para reflejar modificaciones a las disposiciones correspondientes del Tratado de Libre Comercio de América del Norte (en lo sucesivo TLCAN) y del Acuerdo sobre Contratación Pública de la OMC (en lo sucesivo ACP), respectivamente, siempre que las reglas y procedimientos modificados aplicados por esa Parte, continúen garantizando un trato equivalente.
3. Si una Parte modifica, de conformidad con el párrafo 2, sus respectivas reglas y procedimientos contenidas en el anexo XII deberá previamente consultar a la otra Parte y tendrá la obligación de demostrar que esas reglas y procedimientos modificados continúan otorgando un trato equivalente.
4. La Parte interesada deberá notificar a la otra Parte cualquier modificación a las reglas y procedimientos especificados en el anexo XII a más tardar 30 días antes de su entrada en vigor.
5. Cuando una Parte considere que la modificación afecta su acceso al mercado de compras de la otra Parte considerablemente, podrá solicitar consultas. En caso de no obtener una solución satisfactoria, la Parte podrá recurrir al procedimiento de solución de controversias establecido en el título VI, con el propósito de que se mantenga un nivel equivalente de acceso al mercado de compras de la otra Parte.
6. En la calificación de proveedores y la adjudicación de contratos, ninguna entidad de una Parte podrá condicionar una compra a que a un proveedor se le hayan asignado previamente uno o más contratos por alguna entidad de esa Parte, ni a la experiencia previa de trabajo del proveedor en territorio de esa Parte.

#### **Artículo 30 - Procedimiento de Impugnación**

1. En caso de que un proveedor presente una reclamación sobre la existencia de una infracción del presente título en el contexto de una compra, la Parte interesada le alentará a que trate de encontrar solución a su reclamación mediante consultas con la entidad contratante. En tal supuesto, la entidad contratante examinará de manera imparcial y en tiempo oportuno las reclamaciones, sin perjuicio de la posibilidad de obtener medidas correctivas de conformidad con el sistema de impugnación.
2. Cada Parte contará con procedimientos no discriminatorios, oportunos, transparentes y eficaces, que permitan a los proveedores impugnar presuntas infracciones a este título que se produzcan en el contexto de una compra en la que tengan o hayan tenido interés.
3. Cada Parte especificará por escrito y pondrá a disposición general sus procedimientos de impugnación.
4. Cada Parte se asegurará de que la documentación referente a todos los aspectos de los procedimientos que afecten a las compras cubiertas por este título se conserve durante tres años.
5. Podrá exigirse al proveedor interesado que inicie el procedimiento de impugnación y notifique la impugnación a la entidad contratante dentro de un plazo determinado a partir de la fecha en que se conociere o debiere haberse razonablemente conocido los hechos que den lugar a la reclamación, plazo que en ningún caso será inferior a diez días desde esa fecha.
6. La legislación de una Parte podrá imponer que un procedimiento de impugnación pueda iniciarse después de que la convocatoria se haya publicado o, en caso de no publicarse, después de que las bases de licitación estén disponibles. Cuando una Parte imponga tal requisito, el plazo de diez días al que se refiere el párrafo 5, no comenzará a correr antes de la fecha en que se haya publicado la convocatoria o estén disponibles las bases de licitación. Nada de lo dispuesto en este párrafo afectará el derecho de los proveedores interesados de recurrir a la revisión judicial.
7. Las impugnaciones serán atendidas por una autoridad revisora, independiente e imparcial, que no tenga interés en el resultado de la compra, y cuyos miembros sean ajenos a influencias externas durante todo el periodo de su mandato. Las actuaciones de una autoridad revisora distinta a un tribunal, deberán estar sujetas a revisión judicial o bien deberán contar con procedimientos que aseguren que:
  - (a) los participantes tengan derecho a audiencia antes de que se emita un dictamen o se adopte una decisión;
  - (b) los participantes puedan estar representados y asistidos;
  - (c) los participantes tengan acceso a todas las actuaciones;
  - (d) las actuaciones puedan ser públicas;
  - (e) los dictámenes o decisiones se formulen por escrito, con una exposición de sus fundamentos;

- (f) puedan presentarse testigos; y
  - (g) se den a conocer los documentos a la autoridad revisora.
8. Los procedimientos de impugnación preverán:
- (a) medidas provisionales expedidas para corregir las infracciones a este título y para preservar las oportunidades comerciales. Esas medidas podrán tener por efecto la suspensión del proceso de compra. Sin embargo, los procedimientos podrán prever la posibilidad de que, al decidir si deben aplicarse esas medidas, se tomen en cuenta las consecuencias adversas sobre intereses afectados que deban prevalecer, incluido el interés público. En tales circunstancias, deberá justificarse por escrito la falta de acción; y
  - (b) si se considera apropiado, la rectificación de la infracción a este título o una compensación por los daños o perjuicios sufridos, que podrá limitarse a los gastos de la preparación de la oferta o de la reclamación.
9. Con el fin de preservar los intereses comerciales y de otro tipo que estén involucrados, el procedimiento de impugnación normalmente se resolverá oportunamente.

#### **Artículo 31 - Suministro de información**

1. Cada Parte publicará sin demora cualquier ley, reglamento, jurisprudencia, resolución administrativa de aplicación general y cualquier procedimiento relativo a las compras gubernamentales cubiertas por este título, mediante su inserción en las publicaciones pertinentes a que se refiere el anexo XIII.
2. Cada Parte designará, a la entrada en vigor de este título, uno o más puntos de contacto para:
- (a) facilitar la comunicación entre las Partes;
  - (b) responder a todas las preguntas razonables de la otra Parte con objeto de proporcionar información relevante en la materia de este título; y
  - (c) a petición de un proveedor de una Parte, proporcionar al proveedor y a la otra Parte, por escrito y en un tiempo razonable, una respuesta motivada respecto de si una entidad específica está cubierta por este título.
3. Una Parte podrá solicitar información adicional sobre la adjudicación del contrato, que pueda ser necesaria para determinar si una compra se realizó de manera justa e imparcial, en particular respecto de ofertas que hayan sido rechazadas. Para tal efecto, la Parte de la entidad compradora dará información sobre las características y ventajas relativas de la oferta ganadora y el precio del contrato. Cuando la divulgación de esta información pudiere perjudicar la competencia en futuras licitaciones, la Parte solicitante no revelará la información, salvo después de haber consultado con la Parte que la hubiere proporcionado y haber obtenido su consentimiento.
4. Cada Parte proporcionará a la otra Parte, previa solicitud, la información disponible a esa Parte y a sus entidades sobre las compras cubiertas de sus entidades, y sobre los contratos individuales adjudicados por éstas.
5. Ninguna Parte podrá revelar información confidencial cuya divulgación pudiere perjudicar los intereses comerciales legítimos de una persona en particular o fuere en detrimento de la competencia leal entre proveedores, sin la autorización formal de la persona que proporcionó esa información a la Parte.
6. Nada de lo dispuesto en este título podrá interpretarse en el sentido de obligar a una Parte a proporcionar información confidencial, cuya divulgación pudiere impedir el cumplimiento de la ley o fuere de alguna otra forma contraria al interés público.
7. Cada Parte recabará e intercambiará anualmente estadísticas de sus compras cubiertas por este título. Tales estadísticas deberán contener la siguiente información con respecto a los contratos adjudicados por todas las entidades compradoras cubiertas por este título:

8. En la medida en que se disponga de información al respecto, cada Parte proporcionará estadísticas sobre los países de origen de los productos adquiridos y los servicios contratados por sus entidades. Con miras a asegurar que estas estadísticas son comparables, el Comité Especial establecido conforme al artículo 32, proveerá las directrices sobre los métodos que deben utilizarse. Con el fin de garantizar la vigilancia eficaz de las compras comprendidas en el presente título, el Consejo Conjunto podrá decidir si modifica los requerimientos de los incisos (a) al (d) del párrafo 7 en lo que respecta al carácter y alcance de la información estadística que se intercambiará<sup>5</sup>.

#### **Artículo 32 - Cooperación técnica**

  - (ii) método de distribución en proporción a las cantidades solicitadas al momento de presentar la solicitud (i.e. el método de 'examen simultáneo');
  - (iii) método basado en la consideración de los patrones tradicionales de comercio (i.e. el método de 'importadores tradicionales/nuevos entrantes').
- 3.2 Hasta el 31 de diciembre de 2003, México podrá reservar parte del cupo arancelario para los fabricantes establecidos en México que cumplan con las disposiciones del *Decreto para el Fomento y Modernización de la Industria Automotriz* del 11 de diciembre de 1989, reformado el 31 de mayo de 1995, siempre que, por lo menos, una cantidad equivalente a 4 por ciento del total de ventas en México se ofrezca primero a otros operadores.
- 3.3 No obstante lo dispuesto en el párrafo 3.1, cualquier parte del cupo arancelario reservado para los fabricantes de acuerdo con el párrafo 3.2 será asignado entre todos los fabricantes de manera no discriminatoria, según la cantidad de vehículos listados en el párrafo 5 fabricados por cada uno de ellos en México durante el año anterior.
- 3.4 Cualquier método o combinación de métodos que se escoja para administrar el cupo arancelario deberá permitir la utilización plena del mismo y evitar cualquier discriminación entre los operadores involucrados.

- 4.1 El Comité Conjunto podrá modificar las disposiciones relativas a la administración del cupo arancelario.
- 4.2 México comunicará a la Comisión Europea las reglas detalladas que se adopten para la administración del cupo arancelario, así como la información detallada sobre cada asignación.

2. Los materiales originarios de México se considerarán como materiales originarios de la Comunidad cuando se incorporen en un producto obtenido en la Comunidad. 1. Para efectos del artículo 2, se considerará que los productos que no son totalmente obtenidos han sido suficientemente elaborados o transformados cuando cumplan las condiciones establecidas en el apéndice II.

Las condiciones mencionadas anteriormente indican, para todos los productos amparados por esta Decisión, la elaboración o transformación que se ha de llevar a cabo sobre los materiales no originarios utilizados en la fabricación de esos productos, y se aplican únicamente en relación con tales materiales. En consecuencia, se deduce que, si un producto que ha adquirido carácter originario al reunir las condiciones establecidas en el apéndice II para ese producto, se utiliza en la fabricación de otro, no aplican las condiciones relativas al producto en el que se incorpora, y no se deberán tener en cuenta los materiales no originarios que se hayan podido utilizar en su fabricación.
2. No obstante lo dispuesto en el párrafo 1, los productos que no sean totalmente obtenidos listados en el apéndice II (a) serán considerados suficientemente elaborados o transformados, para propósitos del artículo 2, cuando cumplan las condiciones establecidas en la lista del apéndice II (a).

Las disposiciones de este párrafo aplicarán por los periodos o a los productos listados en el apéndice II (a).
3. No obstante lo dispuesto en el párrafo 1, los materiales no originarios que, de conformidad con las condiciones establecidas en la lista, no deberían utilizarse en la fabricación de un producto, podrán utilizarse siempre que:
  - (a) su valor total no supere el 10 por ciento del precio franco fábrica del producto;

<sup>7</sup> A efectos de este párrafo el término "nacionales" incluye sociedades.

(b) no se supere, por la aplicación del presente párrafo, ninguno de los porcentajes indicados en la lista como valor máximo de los materiales no originarios.

Este párrafo no se aplicará a los productos clasificados en los capítulos 50 al 63 del Sistema Armonizado. Para esos productos se aplicará lo dispuesto en el apéndice I.

4. Los párrafos 1 a 3 serán aplicados, excepto por lo dispuesto en el artículo 6.

**Artículo 6 - Operaciones de elaboración o transformación insuficiente**

1. No obstante lo dispuesto en el párrafo 2, las operaciones que se indican a continuación se considerarán elaboraciones y transformaciones insuficientes para conferir el carácter de productos originarios, ya sea que se cumplan o no los requisitos del artículo 5:

(a) las manipulaciones destinadas a garantizar la conservación de los productos en buen estado durante su transporte y almacenamiento (ventilación, tendido, secado, refrigeración, congelación, inmersión en agua salada, sulfurosa o en otras soluciones acuosas, separación de las partes deterioradas y operaciones similares);

(b) la dilución en agua o en otra sustancia que no altere materialmente las características del producto;

(c) las operaciones simples de desempolvado, cribado, selección, clasificación, preparación de surtidos (incluso la formación de juegos de artículos), lavado, pintura, descascaramiento, desgrane o cortado;

(d) (i) los cambios de envase y las divisiones o agrupaciones de bultos;

(ii) el simple envasado en botellas, frascos, bolsas, estuches y cajas o la colocación sobre cartulinas o tableros, etc., y cualquier otra operación sencilla de envasado;

(e) la colocación de marcas, etiquetas y otros signos distintivos similares en los productos o en sus envases;

(f) la limpieza, inclusive la remoción de óxido, grasa y pintura u otros recubrimientos;

(i) la combinación de dos o más de las operaciones especificadas en los incisos (a) al (h); y

(j) el sacrificio de animales.

2. Todas las operaciones realizadas en la Comunidad o México sobre un producto determinado se considerarán conjuntamente en el momento de determinar si las elaboraciones o transformaciones efectuadas deben considerarse insuficientes conforme con el significado del párrafo 1.

**Artículo 7 - Unidad de calificación**

1. La unidad de calificación para la aplicación de este anexo será el producto concreto considerado como la unidad básica en el momento de determinar su clasificación de acuerdo con la nomenclatura del Sistema Armonizado.

Por consiguiente, se considera que:

(a) cuando un producto compuesto por un grupo o ensamble de artículos se clasifica en una sola partida del Sistema Armonizado, la totalidad constituye la unidad de calificación.

(b) cuando un envío consista de un número de productos idénticos clasificados bajo la misma partida del Sistema Armonizado, cada producto será considerado individualmente al aplicar las disposiciones de este anexo.

2. Cuando, con arreglo a la Regla General 5 del Sistema Armonizado, los envases están incluidos con el producto para su clasificación, serán incluidos para la determinación del origen.

**Artículo 8 - Separación contable**

1. Cuando existan costos considerables involucrados en mantener inventarios separados de materiales originarios y no originarios idénticos e intercambiables, la autoridad gubernamental competente o las autoridades aduaneras podrán, a petición escrita de los interesados, autorizar el uso del método denominado "separación contable" para administrar estos inventarios.

2. Este método debe ser capaz de asegurar que, para un periodo de referencia específico, el número de productos obtenidos a ser considerados como "originarios" es el mismo que habría sido obtenido si hubiese habido separación física de los inventarios.

3. Este método será registrado y mantenido de acuerdo con los Principios de Contabilidad Generalmente Aceptados aplicables en el territorio de la Parte en la cual el producto es fabricado.

4. La autoridad gubernamental competente o las autoridades aduaneras podrán conceder esta autorización, sujeto a cualquier condición que consideren apropiada.

5. El beneficiario de esta facilidad puede emitir o solicitar pruebas de origen, según sea el caso, para la cantidad de productos que puedan ser considerados como originarios. A petición de la autoridad gubernamental competente o las autoridades aduaneras, los beneficiarios proporcionarán una declaración de cómo han sido manejadas esas cantidades.

6. La autoridad gubernamental competente o las autoridades aduaneras vigilarán el uso de la autorización y podrán retirarla en cualquier momento si el beneficiario hiciere uso inapropiado de ella en cualquier forma o si no cumpliera con cualquiera de las otras condiciones establecidas en este anexo.

#### **Artículo 9 - Accesorios, piezas de repuesto y herramientas**

Los accesorios, piezas de repuesto y herramientas que se expidan con un material, máquina, aparato o vehículo y sean parte de su equipo normal, y cuyo precio esté incluido en el precio de aquellos, o no se facture por separado, se considerarán parte integrante del material, máquina, aparato o vehículo correspondiente.

#### **Artículo 10 – Surtidos**

Los surtidos, según se definen en la Regla General 3 del Sistema Armonizado, se considerarán como originarios cuando todos los productos que entren en su composición sean originarios. Sin embargo, un surtido compuesto de productos originarios y no originarios se considerará como originario en su conjunto, siempre que el valor de los productos no originarios no exceda del 15 por ciento del precio franco fábrica del surtido.

#### **Artículo 11 - Elementos neutros**

Para determinar si un producto es originario, no será necesario establecer el origen de los siguientes elementos que pudieran haberse utilizado en su fabricación:

- (a) la energía y el combustible;
- (b) las instalaciones y el equipo, incluidas las mercancías que se utilicen en el mantenimiento de los mismos;
- (c) las máquinas, las herramientas, los troqueles y moldes; y
- (d) cualquier otra mercancía que no esté incorporada ni se tenga previsto que se incorpore en la composición final del producto.

#### **Título III - Condiciones de Territorialidad**

##### **Artículo 12 - Principio de territorialidad**

1. Las condiciones enunciadas en el título II relativas a la adquisición del carácter originario deberán cumplirse sin interrupción en México o la Comunidad.
2. En el caso de que las mercancías originarias exportadas de México o la Comunidad a otro país sean devueltas, deberán considerarse no originarias, a menos que pueda demostrarse, a satisfacción de las autoridades aduaneras, que:
  - (a) las mercancías devueltas son las mismas que fueron exportadas; y
  - (b) no han sufrido más operaciones de las necesarias para su conservación en buenas condiciones mientras se encontraban en ese país, o al exportarlas.

##### **Artículo 13 - Transporte directo**

1. El trato preferencial dispuesto en esta Decisión se aplicará exclusivamente a los productos que satisfagan los requisitos del presente anexo y que sean transportados directamente entre el territorio de la Comunidad y el de México. No obstante, los productos que constituyan un único envío podrán ser transportados en tránsito por otros territorios con transbordo o depósito temporal en ellos, si fuera necesario, siempre que los productos hayan permanecido bajo la vigilancia de las autoridades aduaneras del país de tránsito o de depósito y que no hayan sido sometidos a operaciones distintas a las de descarga, carga o cualquier otra destinada a mantenerlos en buen estado.
2. El cumplimiento de las condiciones contempladas en el párrafo 1 se podrá acreditar mediante la presentación a las autoridades aduaneras del país de importación de:
  - (a) un documento único de transporte al amparo del cual se haya efectuado el transporte desde el país de exportación a través del país de tránsito; o
  - (b) un certificado expedido por las autoridades aduaneras del país de tránsito que contenga:
    - (i) una descripción exacta de los productos;
    - (ii) la fecha de descarga y carga de las mercancías y, cuando corresponda, los nombres de los barcos u otros medios de transporte utilizados; y
    - (iii) la certificación de las condiciones en las que permanecieron las mercancías en el país de tránsito; o

Los materiales no originarios utilizados en la fabricación de productos originarios de la Comunidad o de México en el sentido del presente anexo, para los cuales se haya expedido o elaborado una prueba de origen de conformidad con lo dispuesto en el título V, no se beneficiarán en la Comunidad o México de la devolución o la exención de los aranceles de importación.

2. Para propósitos de este artículo, el término "aranceles de importación" incluye los aranceles aduaneros, tal y como se definen en el párrafo 8 del artículo 3 de la Decisión, cuotas antidumping y cuotas compensatorias aplicadas de conformidad con el artículo 14 de la Decisión.
3. La prohibición del párrafo 1 aplica a todas las disposiciones relativas a la devolución, la condonación o la falta de pago parcial o total de los aranceles de importación aplicables en la Comunidad o México a los materiales utilizados en la fabricación, si esta devolución, condonación o falta de pago se aplica, expresa o efectivamente, cuando los productos obtenidos a partir de esos materiales sean exportados y no cuando sean destinados al consumo nacional<sup>8</sup>.
4. El exportador de productos amparados por una prueba de origen deberá estar preparado para presentar en cualquier momento, a petición de las autoridades aduaneras, todos los documentos apropiados que demuestren que no se ha obtenido ninguna devolución o reintegro respecto de los materiales no originarios utilizados en la fabricación de los productos de que se trate, y que se han pagado efectivamente todos los aranceles de importación aplicables a esos materiales.
5. Lo dispuesto en los párrafos 1 al 3 se aplicará también a los envases, en el sentido de lo dispuesto en el párrafo 2 del artículo 7, accesorios, piezas de repuesto y herramientas, en el sentido de lo dispuesto en el artículo 9, y surtidos, en el sentido de lo dispuesto en el artículo 10, cuando estos artículos no sean originarios.
6. Lo dispuesto en los párrafos 1 al 4 se aplicará únicamente a los productos exportados que se beneficien de cualquier trato arancelario preferencial en la otra Parte. Mas aún, no serán obstáculo para la aplicación de un sistema de restituciones a la exportación para los productos agrícolas.
7. Este artículo aplicará a partir del 1 de enero de 2003.

3. Las autoridades aduaneras o la autoridad gubernamental competente otorgarán al exportador autorizado un número de autorización el cual aparecerá en la declaración en factura.
4. Las autoridades aduaneras o la autoridad gubernamental competente controlarán el uso de la autorización que haga el exportador autorizado.
5. Las autoridades aduaneras o la autoridad gubernamental competente podrán revocar la autorización en todo momento. Deberán hacerlo cuando el exportador autorizado no ofrezca ya las garantías contempladas en el párrafo 1, no cumpla las condiciones contempladas en el párrafo 2 o haga uso indebido de la autorización.

#### **Artículo 22 - Validez de la prueba de origen**

1. Las pruebas de origen tendrán una validez de diez meses a partir de la fecha de expedición en el país de exportación y deberán enviarse en el plazo mencionado a las autoridades aduaneras del país de importación.
2. Las pruebas de origen que se presenten a las autoridades aduaneras del país de importación, después de transcurrido el plazo de presentación fijado en el párrafo 1, podrán ser admitidas para los efectos de la aplicación del régimen preferencial, cuando la inobservancia del plazo se deba a circunstancias excepcionales.
3. En otros casos de presentación tardía, las autoridades aduaneras del país de importación podrán admitir las pruebas de origen cuando los productos hayan sido presentados antes de la expiración de ese plazo.

#### **Artículo 23 - Presentación de la prueba de origen**

Las pruebas de origen se presentarán a las autoridades aduaneras del país de importación de acuerdo con los procedimientos establecidos en el mismo. Tales autoridades podrán exigir una traducción de la prueba de origen y podrán exigir que la declaración de importación vaya acompañada de una declaración

del importador en la que haga constar que los productos cumplen las condiciones requeridas para la aplicación de este anexo.

#### **Artículo 24 - Importación fraccionada**

Cuando, a instancia del importador y en las condiciones establecidas por las autoridades aduaneras del país de importación, se importen fraccionadamente productos desensamblados o sin ensamblar con arreglo a lo dispuesto en la Regla General 2 (a) del Sistema Armonizado, clasificados en las secciones XVI y XVII o en las partidas 7308 y 9406 del Sistema Armonizado, se deberá presentar una sola prueba de origen para tales productos a las autoridades aduaneras en el momento de la importación del primer envío parcial.

#### **Artículo 25 - Exenciones de la prueba de origen**

1. Los productos enviados a particulares por otros particulares en paquetes pequeños o que formen parte del equipaje personal de los viajeros serán admitidos como productos originarios sin que sea necesario presentar una prueba de origen, siempre que esos productos no se importen con carácter comercial, se haya declarado que cumplen las condiciones exigidas para la aplicación del presente anexo y no exista ninguna duda acerca de la veracidad de esta declaración. En el caso de los productos enviados por correo, esta declaración podrá realizarse en la declaración aduanera CN22/CN23 o en una hoja de papel anexa a este documento.
2. Las importaciones ocasionales y que consistan exclusivamente en productos para el uso personal de sus destinatarios o de los viajeros o sus familias no se considerarán importaciones de carácter comercial si, por su naturaleza y cantidad, resulta evidente que a estos productos no se piensa dar una finalidad comercial.
3. Además, el valor total de estos productos no podrá ser superior a 500 euros cuando se trate de paquetes pequeños o a 1 200 euros, si se trata de productos que formen parte del equipaje personal de viajeros.

#### **Artículo 26 - Documentos justificativos**

Los documentos a que se hace referencia en el párrafo 3 del artículo 16, en el párrafo 3 del artículo 20, que sirven como justificación de que los productos amparados por un certificado EUR.1 o una declaración en factura pueden considerarse como productos originarios de la Comunidad o México y satisfacen las demás condiciones del presente anexo pueden consistir entre otras, de las siguientes:

- (a) prueba directa de las operaciones efectuadas por el exportador o el proveedor para obtener las mercancías de que se trate, contenida, por ejemplo, en sus cuentas o en su contabilidad interna;
- (b) documentos que prueben el carácter originario de los materiales utilizados, expedidos o extendidos en México o la Comunidad donde estos documentos se utilizan según su legislación interna;
- (c) documentos que justifiquen la elaboración o la transformación de los materiales en México o la Comunidad, expedidos o extendidos en México o la Comunidad donde estos documentos se utilizan, según lo establezca su legislación interna; o
- (d) certificados de circulación EUR.1 o declaraciones en factura que justifiquen el carácter originario de los materiales utilizados, expedido o extendido en México o la Comunidad de conformidad con el presente anexo.

#### **Artículo 27 - Conservación de la prueba de origen y los documentos justificativos**

1. El exportador que solicite la expedición de un certificado de circulación EUR.1 conservará durante tres años como mínimo los documentos contemplados en el párrafo 3 del artículo 16.
2. El exportador que extienda una declaración en factura conservará durante tres años, como mínimo, la copia de la mencionada declaración en factura, así como los documentos contemplados en el párrafo 3 del artículo 20.
3. Las autoridades aduaneras o la autoridad gubernamental competente del país de exportación que expidan un certificado de circulación EUR.1 conservarán, durante tres años, como mínimo, el formulario de solicitud contemplado en el párrafo 2 del artículo 16.
4. Las autoridades aduaneras del país de importación conservarán durante tres años, como mínimo, los certificados de circulación de mercancías EUR.1 y las declaraciones en factura que le hayan presentado.

#### **Artículo 28 - Discordancias y errores de forma**

1. La existencia de discordancias menores entre las declaraciones hechas en la prueba de origen y las realizadas en los documentos presentados en la aduana con objeto de dar cumplimiento a las formalidades necesarias para la importación de los productos no resultarán *ipso facto* en la invalidez de la prueba de origen, si se comprueba debidamente que este último corresponde a los productos presentados.
2. Los errores de forma evidentes, tales como errores de mecanografía en una prueba de origen, no serán causa suficiente para que sea rechazado este documento, si no se trata de errores que puedan generar dudas sobre la exactitud de las declaraciones realizadas en el mismo.

#### **Artículo 29 - Importes expresados en euros**

1. Los importes en moneda nacional del país de exportación equivalentes a los importes expresados en euros en este anexo serán fijados por el país de exportación y comunicados a los países de importación a través de la Comisión Europea.
2. Cuando estos importes sean superiores a los importes correspondientes establecidos por el país de importación, este último los aceptará si los productos están facturados en la moneda del país de exportación. Si los productos están facturados en la moneda de otro Estado Miembro de la Comunidad o de México, el país de importación reconocerá el importe notificado por el país de que se trate.
3. Los importes que se habrán de utilizar en una moneda nacional determinada serán los equivalentes en esa moneda nacional de los importes expresados en euros el primer día hábil de junio de 2000.
4. Los importes expresados en euros en este anexo y sus equivalentes en las monedas nacionales de los Estados Miembros de la Comunidad y de México serán revisados por el Comité Conjunto a petición de México o la Comunidad. En el curso de esta revisión, el Comité Conjunto garantizará que no se disminuyan los importes que se han de utilizar en cualquiera de las monedas nacionales y, además considerará la conveniencia de preservar los efectos de los límites de que se trate en términos reales. A tal efecto, podrá tomar la determinación de modificar los importes expresados en euros en este anexo.

#### **Título VI - Disposiciones De Cooperación Administrativa**

##### **Artículo 30 - Asistencia mutua**

1. Las autoridades aduaneras de México y de los Estados Miembros de la Comunidad o la autoridad gubernamental competente de México se comunicarán mutuamente a través de la Comisión Europea los modelos de sellos utilizados por sus oficinas aduaneras o gubernamentales para la expedición de los certificados de circulación EUR.1, así como las direcciones de las autoridades aduaneras o la autoridad gubernamental competente responsables de la verificación de estos certificados así como de las declaraciones en factura.
2. Para garantizar la correcta aplicación del presente anexo, México y la Comunidad se prestarán asistencia mutua, a través de sus respectivas administraciones, para verificar la autenticidad de los certificados de circulación EUR.1 o las declaraciones en factura y la exactitud de la información recogida en dichos documentos.

##### **Artículo 31 - Verificación de las pruebas de origen**

1. La verificación de las pruebas de origen se efectuará al azar o cuando las autoridades aduaneras del país de importación tengan dudas razonables de la autenticidad de dichos documentos, del carácter originario de los productos de que se trate o de la observancia de los demás requisitos del presente anexo.
2. A efectos de la aplicación de las disposiciones del párrafo 1, las autoridades aduaneras del país de importación devolverán el certificado de circulación EUR.1 y la factura, si se ha presentado, la declaración en factura, o una copia de estos documentos, a las autoridades aduaneras o la autoridad gubernamental competente del país de exportación, e indicarán, en su caso, los motivos que justifican una investigación. Todos los documentos y la información obtenida que sugieran que los datos recogidos en la prueba de origen son incorrectos acompañarán a la solicitud de verificación.
3. Las autoridades aduaneras o la autoridad gubernamental competente del país de exportación serán las encargadas de llevar a cabo la verificación. A tal efecto, estarán facultadas para exigir cualquier tipo de prueba e inspeccionar la contabilidad del exportador o llevar a cabo cualquier otra comprobación que se considere necesaria.
4. Si las autoridades aduaneras deciden suspender el trato preferencial a los productos que corresponda en espera de los resultados de la verificación, se ofrecerá al importador la liberación de las mercancías condicionado a cualesquier medidas precautorias que consideren necesarias.
5. Se informará lo antes posible de los resultados de la verificación a las autoridades aduaneras que la hayan solicitado. Estos resultados deberán indicar con claridad si los documentos son auténticos y si los productos en cuestión pueden ser considerados como originarios de México o de la Comunidad y reúnen los demás requisitos del presente anexo.
6. Si, en caso de dudas razonables, no se recibe una respuesta en el plazo de 10 meses a partir de la fecha de solicitud de verificación o si la respuesta no contiene información suficiente para determinar la autenticidad del documento de que se trate o el origen real de los productos, las autoridades aduaneras solicitantes podrán negar, salvo en circunstancias excepcionales, todo beneficio del régimen preferencial.

##### **Artículo 32 - Solución de controversias**

1. En caso de que se produzcan controversias en relación con los procedimientos de verificación del artículo 31 que no puedan resolverse entre las autoridades aduaneras que soliciten una

verificación y las autoridades aduaneras o la autoridad gubernamental competente encargadas de llevar a cabo esta verificación, o cuando se planteen interrogantes en relación con la interpretación del presente anexo, se deberán recurrir al Comité Especial de Cooperación Aduanera y de Reglas de Origen.

2. Las controversias entre el importador y las autoridades aduaneras del país de importación se resolverán con arreglo a la legislación de ese país.

#### **Artículo 33 - Confidencialidad**

Toda la información que es de naturaleza confidencial o la que sea proporcionada en forma confidencial será protegida, de acuerdo a la legislación de cada Parte, por la obligación del secreto profesional. No será revelada por las autoridades aduaneras o por la autoridad gubernamental competente sin el permiso expreso de la persona o la autoridad que la proporciona. Se permitirá comunicar la información si las autoridades aduaneras o la autoridad gubernamental competente pueden ser obligadas o autorizadas a hacerlo en cumplimiento de los requerimientos en vigor, particularmente con respecto a la protección de datos o con relación a procedimientos legales.

#### **Artículo 34 - Sanciones**

Se impondrán sanciones a toda persona que redacte o haga redactar un documento que contenga información incorrecta con objeto de conseguir que los productos se beneficien de un trato arancelario preferencial.

#### **Artículo 35 - Zonas francas**

1. México y la Comunidad tomarán todas las medidas necesarias para asegurarse de que los productos con los que se comercie al amparo de una prueba de origen y que permanezcan durante su transporte en una zona franca situada en su territorio no sean sustituidos por otras mercancías ni sean objeto de más manipulaciones que las operaciones normales encaminadas a prevenir su deterioro.
2. Mediante una exención de las disposiciones del párrafo 1, cuando productos originarios de México o la Comunidad importados en una zona franca al amparo de una prueba de origen sean objeto de tratamiento o transformación, las autoridades correspondientes expedirán un nuevo certificado EUR.1 a petición del exportador, si el tratamiento o la transformación de que se trate esta en conformidad con las disposiciones del presente anexo.

#### **Título VII - Ceuta y Melilla**

#### **Artículo 36 - Aplicación del Anexo**

1. El término "Comunidad" utilizado en el artículo 2 no incluye a Ceuta y Melilla.
2. Los productos originarios de México, cuando sean importados en Ceuta y Melilla disfrutarán en todos aspectos del mismo régimen aduanero que es aplicado a los productos originarios del territorio aduanero de la Comunidad conforme al Protocolo 2 del Acta de Adhesión del Reino de España y la República Portuguesa a las Comunidades Europeas. México otorgará a las importaciones de productos amparados por la Decisión originarios de Ceuta y Melilla el mismo régimen aduanero que se aplica a productos importados originarios de la Comunidad.
3. El presente anexo se aplicará *mutatis mutandis* a los productos originarios de Ceuta y Melilla, sujeto a las condiciones especiales establecidas en el artículo 37.

#### **Artículo 37 - Condiciones especiales**

1. Siempre que hayan sido transportados directamente de conformidad con lo dispuesto en el artículo 13, los siguientes serán considerados como:
  - (1) productos originarios de Ceuta y Melilla:
    - (a) los productos totalmente obtenidos en Ceuta y Melilla;
    - (b) los productos obtenidos en Ceuta y Melilla en cuya fabricación se haya utilizado productos distintos de los mencionados en el inciso (a), siempre que:
      - (i) estos productos hayan sido suficientemente elaborados o transformados conforme al artículo 5; o
      - (ii) estos productos sean originarios de México o de la Comunidad, de acuerdo con el presente anexo, a condición de que hayan sido objeto de elaboraciones o transformaciones que vayan más allá de las elaboraciones o transformaciones insuficientes contempladas en el párrafo 1 del artículo 6;
  - (2) productos originarios de México:
    - (a) los productos totalmente obtenidos en México;
    - (b) los productos obtenidos en México en cuya fabricación se haya utilizado productos distintos de los mencionados en el inciso (a), siempre que:
      - (i) estos productos hayan sido suficientemente elaborados o transformados en el sentido del artículo 5; o
      - (ii) estos productos sean originarios de Ceuta y Melilla o de la Comunidad, de acuerdo con el presente anexo, a condición de que hayan sido objeto de elaboraciones o

transformaciones que vayan más allá de las elaboraciones o transformaciones insuficientes contempladas en el párrafo 1 del artículo 6.

2. Ceuta y Melilla serán consideradas un solo territorio.
3. El exportador o su representante autorizado consignarán "México" y "Ceuta y Melilla" en la casilla 2 de los certificados de circulación EUR.1 o en las declaraciones en factura. Además, en el caso de los productos originarios de Ceuta y Melilla, su carácter originario deberá indicarse en la casilla 4 de los certificados EUR.1 o en las declaraciones en factura.
4. Las autoridades aduaneras españolas serán responsables de la aplicación del presente anexo en Ceuta y Melilla.

#### **Título VIII - Disposiciones Finales**

##### **Artículo 38 - Modificaciones al Anexo**

El Comité Conjunto podrá decidir modificar las disposiciones de este anexo.

##### **Artículo 39 - Notas explicativas**

1. Las Partes acordarán "Notas Explicativas" con relación a la interpretación, aplicación y administración de este anexo en el Comité Especial de Cooperación Aduanera y Reglas de Origen.
2. Las Partes implementarán simultáneamente las Notas Explicativas acordadas, de conformidad con sus respectivos procedimientos.

##### **Artículo 40 - Mercancías en tránsito o depósito**

Las disposiciones de esta Decisión podrán ser aplicadas a las mercancías que cumplan con las disposiciones de este anexo y que a la fecha de entrada en vigor de esta Decisión, se encuentren en tránsito o, dentro de la Comunidad o México o almacenadas temporalmente en depósito fiscal o zonas francas, sujeto a la presentación a las autoridades aduaneras del país de importación, dentro de los cuatro meses siguientes a esta fecha, de un certificado EUR.1 expedido con posterioridad por las autoridades aduaneras o la autoridad gubernamental competente del país de exportación, junto con los documentos que demuestren que las mercancías han sido transportadas directamente.

##### **Apéndice I - Notas Introductorias a la Lista Del Apéndice II y II(a)**

###### **Nota 1:**

La lista establece las condiciones que deben cumplir todos los productos para considerarse que han sufrido una fabricación o transformación suficiente en el sentido del artículo 5 del anexo III.

###### **Nota 2:**

- 2.1. Las dos primeras columnas de la lista describen el producto obtenido. La primera columna indica el número de la partida o del capítulo utilizado en el Sistema Armonizado, y la segunda, la descripción de las mercancías que figuran en dicha partida o capítulo de este sistema. Para cada una de las inscripciones que figuran en estas dos primeras columnas, se expone una norma en las columnas 3 ó 4. Cuando, en algunos casos, el número de la primera columna vaya precedida de la mención "ex", ello significa que la norma que figura en las columnas 3 ó 4 sólo se aplicará a la parte de la partida descrita en la columna 2.
- 2.2. Cuando se agrupen varias partidas o se mencione un capítulo en la columna 1, y se describan en consecuencia en términos generales los productos que figura en la columna 2, la norma correspondiente enunciada en las columnas 3 ó 4 se aplicará a todos los productos que, en el marco del Sistema Armonizado, estén clasificados en las diferentes partidas del capítulo correspondiente o en las partidas agrupadas en la columna 1.
- 2.3. Cuando en la lista haya diferentes normas aplicables a diferentes productos de una misma partida, cada guión incluirá la descripción de la parte de la partida a la que se aplicarán las normas correspondientes de las columnas 3 ó 4.
- 2.4. Cuando para una inscripción en las primeras dos columnas se establece una norma en las columnas 3 y 4, el exportador podrá optar por aplicar la norma establecida en la columna 3 o la de la columna 4. Si en la columna 4 no aparece ninguna norma de origen, deberá aplicarse la norma de la columna 3.

###### **Nota 3:**

- 3.1. Se aplicarán las disposiciones del artículo 5 del anexo III relativas a los productos que han adquirido el carácter de originario y que se utilizan en la fabricación de otros productos, independientemente que este carácter se haya adquirido en la fábrica donde se utilizan estos productos o en otra fábrica de México o la Comunidad.

Ejemplo:

Un motor de la partida 8407, cuya norma establece que el valor de los materiales no originarios utilizados en su fabricación no podrá ser superior al 40 por del precio franco fábrica del producto, se fabrica con "aceros aleados forjados" de la partida ex 7224.

<sup>1</sup> Véase nota 11 del apéndice II(a).

Si la pieza se forja en la Comunidad a partir de un lingote no originario, el forjado adquiere entonces el carácter de originario en virtud de la norma de la lista para la partida ex 7224. Esa pieza podrá considerarse en consecuencia producto originario en el cálculo del valor del motor, con independencia de que se haya fabricado en México o la Comunidad. El valor del lingote no originario no se tendrá, pues, en cuenta cuando se sumen los valores de los materiales no originarios utilizados.

- 3.2. La norma que figura en la lista establece el nivel mínimo de elaboración o transformación requerida y las elaboraciones o transformaciones que sobrepasen ese nivel confieren también el carácter de originario; por el contrario, las elaboraciones o transformaciones inferiores a ese nivel no confieren el origen. Por lo tanto, si una norma establece que puede utilizarse un material no originario en una fase de fabricación determinada, también se autoriza la utilización de ese material en una fase anterior pero no en una fase posterior.
- 3.3. No obstante lo dispuesto en la nota 3.2, cuando una norma indique que puede utilizarse "materiales de cualquier partida", podrán utilizarse materiales de la misma partida que el producto, a reserva, sin embargo, de aquellas restricciones especiales que puedan enunciarse en la norma. Sin embargo, la expresión "fabricación a partir de materiales de cualquier partida, comprendidos otros materiales de la partida..." significa que sólo pueden utilizarse los materiales clasificados en la misma partida que el producto cuya designación sea diferente a la del producto tal como aparece en la columna 2 de la lista.
- 3.4. La unidad de calificación para la determinación del origen es el producto particular clasificado bajo la nomenclatura del Sistema Armonizado. Se considera que los envases clasificados con las mercancías, por ejemplo las cajas en las cuales un producto es empacado para su presentación a la venta al menudeo, deben ser incluidos como parte del producto al determinar el origen del producto. Los empaques diseñados sólo para la transportación de las mercancías a la Parte de importación no serán considerados.

Ejemplo:

Las computadoras de la partida 8471 tienen una norma conforme a la cual el valor de los materiales no originarios utilizados no exceda del 40 por ciento del precio franco fábrica. Están empacadas en cajas para venta al menudeo y son exportadas en contenedores de madera con diez computadoras en cada contenedor. Con el fin de determinar si las computadoras cumplen con el porcentaje pedido para el producto, el valor de los contenedores de madera no debe ser considerado. Sin embargo, el valor del empaque individual será incluido.

- 3.5. Cuando una norma de la lista precise que un producto puede fabricarse a partir de más de un material, ello significa que podrán utilizarse uno o varios materiales, sin que sea necesario que se utilicen todos.

Ejemplo:

La norma aplicable a los tejidos de las partidas 5208 a 5212 establece que pueden utilizarse fibras naturales y también, entre otros, productos químicos. Esta norma no implica que deban utilizarse ambas cosas; podrá utilizarse uno u otro material o ambos.

- 3.6. Cuando una norma de la lista establezca que un producto debe fabricarse a partir de un material determinado, esta condición no impedirá evidentemente la utilización de otros materiales que, por su misma naturaleza, no pueden cumplir la norma (véase también la nota 6.2 relativa a materiales textiles).

Sin embargo, esto no se aplica a los productos que, si bien no pueden fabricarse a partir del material concreto especificado en la lista, pueden producirse a partir de un material de la misma naturaleza en una fase anterior de fabricación.

Ejemplo:

La norma correspondiente a las preparaciones alimenticias de la partida 1904, que excluye de forma expresa la utilización de cereales y sus derivados, no prohíbe el empleo de sales minerales, productos químicos u otros aditivos que no se obtengan a partir de cereales.

Ejemplo:

En el caso de una prenda de vestir del ex capítulo fabricada de materiales no tejidos, si solamente se permite la utilización de hilados no originarios para esta clase de artículo, no se puede partir de telas no tejidas, aunque éstas no se hacen normalmente con hilados. El material de partida se hallará entonces en una fase anterior al hilado, a saber, la fibra.

- 3.7. Si en una norma de la lista se establecen dos porcentajes para el valor máximo de los materiales no originarios que puede utilizarse, esos porcentajes no podrán sumarse. En otras palabras, el valor máximo de todos los materiales no originarios utilizados nunca podrá ser superior al mayor

---

<sup>1</sup> Véase nota 6 del apéndice II(a).

de los porcentajes dados. Además, los porcentajes específicos no deberán ser superados en los materiales particulares a los que se apliquen.

**Nota 4:**

- 4.1. El término "fibras naturales" se utiliza en la lista para designar las fibras distintas de las fibras artificiales o sintéticas. Se limita a las fases anteriores al hilado, e incluye los desperdicios y, a menos que se especifique otra cosa, abarca a las fibras que hayan sido cardadas, peinadas o transformadas de otra forma, pero sin hilar.
- 4.2. El término "fibras naturales" incluye la crin de la partida 0503, la seda de las partidas 5002 y 5003, así como la lana, los pelos finos y los pelos ordinarios de las partidas 5101 a 5105, las fibras de "algodón" de las partidas 5201 a 5203 y las demás fibras de origen vegetal de las partidas 5301 a la 5305.
- 4.3. Los términos "pulpa textil", y "materiales químicos" y "materiales destinados a la fabricación de papel" se utilizan en la lista para designar los materiales que no se clasifican en los capítulos 50 al 63 y que puede utilizarse para la fabricación de fibras o hilados sintéticos, artificiales o de papel.
- 4.4. El término "fibras sintéticas o artificiales discontinuas" utilizado en la lista incluye los hilados de filamentos, las fibras discontinuas y los desperdicios de fibras sintéticas o artificiales discontinuas de las partidas 5501 a la 5507.

**Nota 5:**

- 5.1. Cuando para determinado producto de la lista se haga referencia a la presente nota, no se aplicarán las condiciones expuestas en la columna 3 a ningún material textil básico utilizado en su fabricación cuando, consideradas globalmente, represente el 8 por ciento o menos del peso total de todos los materiales textiles utilizados (véanse también las notas 5.3 y 5.4, a continuación).
- 5.2. Sin embargo, la tolerancia citada en la nota 5.1 se aplicará sólo a los productos mezclados que hayan sido hechos a partir de dos o más materiales textiles básicos.

Los materiales textiles básicos son los siguientes:

- seda,
- lana,
- pelos ordinarios,
- pelos finos,
- crines,
- algodón,
- materiales para la fabricación de papel y papel,
- lino,
- cáñamo,
- yute y demás fibras bastas,
- sisal y demás fibras textiles del género Agave,
- coco, abacá, ramio y demás fibras textiles vegetales,
- filamentos sintéticos,
- filamentos artificiales,
- filamentos conductores de corriente,
- fibras sintéticas discontinuas de polipropileno,
- fibras sintéticas discontinuas de poliéster,
- fibras sintéticas discontinuas de poliamida,
- fibras sintéticas discontinuas poliacrilonitrílicas,
- fibras sintéticas discontinuas de poliimida,
- fibras sintéticas discontinuas de politetrafluoroetileno,
- fibras sintéticas discontinuas de polisulfuro de fenileno,
- fibras sintéticas discontinuas de policloruro de vinilo,
- las demás fibras sintéticas discontinuas,
- fibras artificiales discontinuas de viscosa,
- las demás fibras artificiales discontinuas,
- hilados de poliuretano segmentados con segmentos flexibles de poliéster, incluso entorchados,
- hilados de poliuretano segmentados con segmentos flexibles de poliéster, incluso entorchados,
- productos de la partida 5605 (hilados metálicos e hilados metalizados) que incorporen una banda consistente de un núcleo de papel de aluminio o de película de material plástico cubierto o no de polvo de aluminio, de una anchura no superior a 5 mm, insertada con adhesivo transparente o de color entre dos películas de materiales plásticos,
- los demás productos de la partida 5605.

**Ejemplo:**

Un hilo de la partida 5205 obtenido a partir de fibras de algodón de la partida 5203 y de fibras sintéticas discontinuas de la partida 5506 es un hilo mezclado. Por consiguiente, las fibras sintéticas discontinuas no originarias que no cumplan las normas de origen (que deban fabricarse a partir de materiales químicos o pastas textiles) podrán utilizarse hasta el 8 por ciento del peso del hilo.

**Ejemplo:**

Un tejido de lana de la partida 5112 obtenido a partir de hilados de lana de la partida 5107 y de fibras sintéticas discontinuas de la partida 5509 es un tejido mezclado. Por consiguiente, se podrá utilizar hilados sintéticos que no cumplan las normas de origen (que deban fabricarse a partir de materiales químicos o pastas textiles) o hilados de lana que tampoco las cumplan (que deban fabricarse a partir de fibras naturales, no cardadas, peinadas o preparadas de otro modo para el hilado) o una combinación de ambos, siempre que su peso total no exceda del 8 por ciento del peso del tejido.

**Ejemplo:**

Un tejido con bucles de la partida 5802 obtenido a partir de hilado de algodón de la partida 5205 y de tejido de algodón de la partida 5210 sólo se considerará que es un producto mezclado si el tejido de algodón también es un tejido mezclado fabricado a partir de hilados clasificados en dos partidas distintas o si los hilados de algodón utilizados están también mezclados.

**Ejemplo:**

Si el mismo tejido con bucles se fabrica a partir de hilados de algodón de la partida 5205 y de tejido sintético de la partida 5407, será entonces evidente que dos materiales textiles distintos han sido utilizados y que la superficie textil confeccionada es, por lo tanto, un producto mezclado.

- 5.3. En el caso de los productos que incorporen "hilados de poliuretano segmentado con segmentos flexibles de poliéter, incluso entorchados", esta tolerancia es del 8 por ciento respecto a estos hilados.
- 5.4. En el caso de los tejidos que incorporen "una banda consistente en un núcleo de papel de aluminio o de película de material plástico, cubierto o no de polvo de aluminio, de una anchura no superior a 5 mm, insertado por adhesivo entre dos películas de material plástico", esa tolerancia se cifrará en el 30 por ciento respecto a esta banda.

**Nota 6:**

- 6.1. En el caso de los productos textiles señalados en la lista con una nota al pie de página que remite a esta nota, los materiales textiles, a excepción de los forros y entretelas, que no cumplan la norma enunciada en la columna 3 para los productos fabricados de que se trata, podrán utilizarse, siempre y cuando estén clasificados en una partida distinta de la del producto y su valor no sea superior al 8 por ciento del precio franco fábrica de este último.
- 6.2. Sin perjuicio de la nota 6.3, los materiales que no estén clasificados en los capítulos 50 al 63 podrán ser utilizados libremente en la fabricación de productos textiles, contengan materiales textiles o no.

**Ejemplo:**

Si una norma de la lista dispone para un artículo textil concreto, por ejemplo, un pantalón, que deberá utilizarse hilados, ello no impide la utilización de artículos de metal, como botones, ya que estos últimos no están clasificados en los capítulos 50 al 63. Por la misma razón, no impide la utilización de cremalleras aun cuando éstas contienen normalmente textiles.

- 6.3. Cuando se aplique una norma de porcentaje, el valor de los materiales no clasificados en los capítulos 50 al 63 deberá tenerse en cuenta al calcular el valor de los materiales no originarios incorporados.

**Nota 7:**

- 7.1. Para efectos de las partidas ex 2707, 2713 a la 2715, ex 2901, ex 2902 y ex 3403, los "procesos específicos" serán los siguientes:
  - (a) destilación al vacío;
  - (b) redestilación mediante un procedimiento de fraccionamiento ;
  - (c) el craqueo;
  - (d) el reformado;
  - (e) la extracción con disolventes selectivos;
  - (f) el tratamiento que comprenda el conjunto de las operaciones siguientes: tratamiento con ácido sulfúrico concentrado, con óleum o con anhídrido sulfúrico, neutralización con agentes alcalinos, decoloración y purificación con tierra activa natural, con tierra activada, con carbón activado o con bauxita;

<sup>1</sup> Véase nota introductoria 7.4.

- (g) la polimerización;
  - (h) la alquilación;
  - (i) la isomerización.
- 7.2. Para efectos de las partidas 2710, 2711 y 2712, los "procesos específicos" serán los siguientes:
- (a) destilación al vacío;
  - (b) redestilación mediante un procedimiento de fraccionamiento extremado<sup>1</sup>;
  - (c) el craqueo;
  - (d) el reformado;
  - (e) la extracción con disolventes selectivos;
  - (f) el tratamiento que comprenda el conjunto de las operaciones siguientes: tratamiento con ácido sulfúrico concentrado, con óleum o con anhídrido sulfúrico, neutralización con agentes alcalinos, decoloración y purificación con tierra activa natural, con tierra activada, con carbón activado o con bauxita;
  - (g) la polimerización;
  - (h) la alquilación;
  - (i) la isomerización;
  - (k) en relación con aceites pesados de la partida ex 2710 únicamente, la desulfuración mediante hidrógeno que alcance una reducción de al menos el 85 por ciento del contenido de azufre de los productos tratados (norma ASTM D 1266-59 T);
  - (l) en relación con los productos de la partida 2710 únicamente, el desparafinado por un procedimiento distinto de la filtración;

11. En caso de que México exceda en un año determinado el valor total de los contratos que pueda reservar para ese año de conformidad con el párrafo 6 o los párrafos 1, 2 y 4 de la sección 1, México consultará con la Comunidad con objeto de llegar a un acuerdo sobre la posibilidad de compensar mediante oportunidades adicionales de compras durante el siguiente año. Esas consultas se realizarán sin perjuicio de los derechos de cualquier Parte de conformidad con el título VI.

#### **Anexo XV (Referido en el artículo 39)**

##### Capítulo I –Disposiciones Generales

##### **Artículo 1 –Objetivos**

1. Las Partes se comprometen a aplicar sus respectivas leyes en materia de competencia de modo que se evite que los beneficios de la Decisión sean disminuidos o anulados por actividades anticompetitivas.
2. Los objetivos de este mecanismo son:
  - (a) promover la cooperación y coordinación entre las Partes en relación con la aplicación de sus leyes de competencia en sus respectivos territorios y proveerse asistencia mutua en cualquier campo de la competencia que consideren necesario;
  - (b) eliminar actividades anticompetitivas por medio de la aplicación de la legislación apropiada, con el fin de evitar efectos negativos sobre el comercio y el desarrollo económico, así como los posibles efectos adversos que esas restricciones puedan tener para los intereses de la otra Parte; y

- (c) promover la cooperación a fin de aclarar cualquier diferencia en la aplicación de sus respectivas leyes de competencia.
- 3. Con el fin de prevenir distorsiones o restricciones a la competencia, que puedan afectar el comercio entre México y la Comunidad, las Partes prestarán particular atención a los siguientes aspectos al aplicar este mecanismo:
  - (a) para la Comunidad: los acuerdos entre empresas, las decisiones para formar una asociación entre empresas y las prácticas concertadas entre empresas, el abuso de una posición dominante y las concentraciones; y
  - (b) para México: las prácticas monopólicas absolutas o relativas y las concentraciones.

#### **Artículo 2 - Definiciones**

Para efectos de este anexo:

- (a) "leyes de competencia" incluye:
  - (i) respecto de la Comunidad, los artículos 81, 82, 85 y 86 del Tratado Constitutivo de la Comunidad Europea, el Reglamento del Consejo (CEE) No 4064/89 sobre el control de las operaciones de concentración entre empresas, los artículos 65 y 66 del Tratado Constitutivo de la Comunidad Europea del Carbón y del Acero (CECA) y los reglamentos para su aplicación, incluida la Decisión de Alta Autoridad No. 24/54;
  - (ii) respecto de México, la Ley Federal de Competencia Económica del 24 de diciembre de 1992, el Reglamento Interior de la Comisión Federal de Competencia del 28 de agosto de 1998 y el Reglamento de la Ley Federal de Competencia Económica del 4 de marzo de 1998; y
  - (iii) cualquier reforma que las leyes antes mencionadas puedan sufrir; y
  - (iv) puede también incluir legislación adicional, en la medida que pueda tener efectos a la competencia en los términos de este mecanismo;
- (b) "autoridad de competencia" significa:
  - (i) para la Comunidad Europea, la Comisión de las Comunidades Europeas; y
  - (ii) para México, la Comisión Federal de Competencia.
- (c) "actividades de aplicación de la ley" significa cualquier acción a aplicar las leyes de competencia mediante investigaciones o procedimientos efectuados por las autoridades de competencia de una Parte, que pueda resultar en sanciones o medidas correctivas; y
- (d) "actividades anticompetitivas" y "conductas o prácticas que restringen la competencia" significa cualquier conducta, operación o acto, según lo definan las leyes de competencia de una Parte, sujetos a sanciones y medidas correctivas.

Capítulo II -Cooperación y Coordinación.

#### **Artículo 3 - Notificación**

- 1. Cada autoridad de competencia notificará a la autoridad de competencia de la otra Parte una actividad de aplicación de la ley si:
  - (a) es pertinente para las actividades de aplicación de la ley de la otra Parte;
  - (b) puede afectar intereses importantes de la otra Parte;
  - (c) se refiere a restricciones a la competencia que puedan afectar el territorio de la otra Parte; y
  - (d) puede llevar a adoptar decisiones que condicionen o prohíban acciones en el territorio de la otra Parte.
- 2. En la medida de lo posible, siempre que no sea contrario a las leyes de competencia de las Partes y no afecte adversamente a una investigación que se esté llevando a cabo, la notificación se realizará durante la fase inicial del procedimiento, a fin de permitir que la autoridad de competencia notificada manifieste su opinión. Las opiniones recibidas podrán ser tomadas en consideración por la autoridad de competencia de la otra Parte en su toma de decisiones.
- 3. La notificación prevista en el párrafo 1 será lo suficientemente detallada, para permitir una evaluación a la luz de los intereses de la otra Parte. Las notificaciones incluirán, entre otra, la información siguiente:
  - (a) una descripción de los efectos restrictivos de la transacción en la competencia y el fundamento legal aplicable;
  - (b) el mercado relevante del producto o servicio y su ámbito geográfico, las características del sector económico implicado y los datos de los agentes económicos involucrados en la transacción; y
  - (c) los plazos estimados de resolución, en los casos en que el procedimiento haya sido iniciado y, en la medida de lo posible, una indicación sobre el posible resultado así como las medidas que puedan ser adoptadas o contempladas.
- 4. Considerando lo dispuesto en el párrafo 1, cada autoridad de competencia notificará a la autoridad de competencia de la otra Parte, tan pronto como sea posible, la existencia de medidas distintas a las actividades de aplicación de su leyes, que puedan afectar los intereses importantes de la otra Parte. En particular, lo harán en los casos siguientes:

- (a) procedimientos administrativos o judiciales; y
- (b) medidas adoptadas por otras dependencias del gobierno, incluidas órganos reguladores existentes o futuros, que puedan tener un impacto en la competencia en sectores sujetos a una regulación específica.

#### **Artículo 4 - Intercambio de información**

1. Con miras a facilitar la aplicación efectiva de sus leyes de competencia y promover un mejor entendimiento de sus respectivos marcos jurídicos, las autoridades de competencia intercambiarán la información siguiente:
  - (a) en la medida que sea factible, textos de doctrina jurídica, jurisprudencia o estudios públicos de mercado o, a falta de tales documentos, datos o resúmenes no confidenciales;
  - (b) información relacionada con la aplicación de la legislación de competencia, siempre que no afecte adversamente a la persona que suministre tal información y con el único propósito de ayudar a resolver el procedimiento; e
  - (c) información sobre cualquier actividad anticompetitiva de que se tenga conocimiento, así como sobre cualesquier reformas a sus respectivos sistemas jurídicos con el propósito de mejorar la aplicación de sus leyes de competencia.
2. Si las circunstancias lo requieren, las autoridades de competencia se ayudarán para recopilar otro tipo de información en sus respectivos territorios.
3. Los representantes de las autoridades de competencia efectuarán reuniones con el fin de promover el conocimiento de sus respectivas leyes y políticas de competencia, y para evaluar los resultados del mecanismo de cooperación. Podrán reunirse informalmente, así como en reuniones institucionales en el contexto multilateral, cuando las circunstancias lo permitan.

#### **Artículo 5 - Coordinación de las actividades de aplicación de la ley**

1. Una autoridad de competencia podrá notificar su disposición para coordinar actividades de aplicación de la ley relativas a un caso específico. Esta coordinación no impedirá que las Partes tomen decisiones autónomas.
2. Al determinar el alcance de la coordinación, las Partes considerarán:
  - (a) los resultados efectivos que la coordinación produciría;
  - (b) la información adicional a ser obtenida;
  - (c) la reducción en los costos para las autoridades de competencia y los agentes involucrados; y
  - (d) los términos aplicables de acuerdo con sus respectivas legislaciones.

#### **Artículo 6 - Consultas cuando intereses importantes de una de las Partes se vean afectados adversamente en el territorio de la otra Parte.**

1. Cuando una autoridad de competencia considere que una investigación o un procedimiento que la otra autoridad de competencia de la otra Parte lleve a cabo pueda afectar sus intereses importantes enviará su opinión sobre el asunto a la otra autoridad de competencia o le solicitará consultas. Sin perjuicio de continuar con cualquier acción conforme a su ley de competencia y a su total autonomía en cuanto a la resolución final, la autoridad de competencia receptora de la solicitud mencionada debería considerar de manera plena y favorable las opiniones de la autoridad de competencia solicitante y, en particular, a cualquier sugerencia sobre un medio alternativo para cumplir con sus necesidades o lograr los objetivos de la investigación o procedimientos en materia de competencia.
2. Cuando una autoridad de competencia de una Parte considere que una o más empresas situadas en la otra Parte están o han estado incurriendo en prácticas anticompetitivas, cualquiera que sea su origen, que puedan afectar de manera sustancial y adversa a los intereses de la primera, podrá solicitar consultas a la otra autoridad de competencia, reconociendo que la celebración de esas consultas es sin perjuicio de cualquier acción que pueda tomar conforme a su ley de competencia y de la total libertad de la autoridad de competencia respectiva para tomar la decisión final. La autoridad de competencia receptora debería considerar plena y favorablemente las opiniones y el sustento fáctico presentados por la autoridad de competencia solicitante y, en particular, la naturaleza de las prácticas anticompetitivas en cuestión, las empresas involucradas y los supuestos efectos perjudiciales sobre los intereses de la autoridad investigadora solicitante.

#### **Artículo 7 - Prevención de conflictos**

1. Cuando sea posible y de conformidad con su legislación, cada Parte tomará en consideración los intereses importantes de la otra Parte en el curso de actividades de aplicación de la ley.
2. Cuando resulten efectos adversos para una Parte, aun cuando se haya respetado las consideraciones referidas en el párrafo anterior, las autoridades de competencia buscarán una solución mutuamente aceptable. Para estos efectos podrá considerarse:
  - (a) la importancia de la medida y los efectos que tenga sobre los intereses de una Parte, comparándolos con los beneficios que la otra Parte pueda obtener;

- (b) la presencia o ausencia de la intención de afectar a los consumidores, proveedores o competidores en las acciones de los agentes económicos implicados;
- (c) el grado de incompatibilidad entre la legislación de una Parte y las medidas que la otra Parte vaya a adoptar;
- (d) si los agentes económicos implicados serán sometidos a requerimientos incompatibles por ambas Partes;
- (e) el inicio del procedimiento o la imposición de sanciones o medidas correctivas;
- (f) la ubicación de los activos de los agentes económicos implicados; y
- (g) la importancia de la sanción a ser impuesta en el territorio de la otra Parte.

#### **Artículo 8 - Confidencialidad**

El intercambio de información estará sujeto a las normas de confidencialidad aplicables en cada Parte. No podrá ser suministrada sin el expreso consentimiento de quien la suministra, la información confidencial cuya divulgación esté expresamente prohibida o que, de divulgarse, pudiere afectar adversamente a las Partes. Cada autoridad de competencia mantendrá la confidencialidad de cualquier información que la otra autoridad de competencia le suministre en confidencia conforme a este mecanismo, y se opondrá a cualquier solicitud para revelar esa información, de una tercera parte no autorizada por la autoridad de competencia que la suministró.

#### **Artículo 9 - Cooperación técnica**

1. Las Partes se prestarán asistencia técnica mutua, a fin de aprovechar sus experiencias y reforzar la implementación de sus políticas y leyes de competencia.
2. La cooperación incluirá las siguientes actividades:
  - (a) capacitación para funcionarios de las autoridades de competencia de ambas Partes, a fin de permitirles ampliar su experiencia práctica;
  - (b) seminarios, en particular para funcionarios del servicios civil.
3. Con el fin de promover su desarrollo, las Partes podrán realizar estudios conjuntos sobre competencia o políticas y leyes de competencia.
4. Las Partes reconocen que los avances en los sistemas de comunicación y de computación son pertinentes a las actividades que desean desarrollar y que deberían ser utilizados para fomentar la comunicación y facilitar el acceso a la información sobre políticas de competencia, tanto como sea posible. A tal fin, buscarán:
  - (a) ampliar sus páginas en internet, para suministrar información sobre los desarrollos de sus actividades;
  - (b) promover la difusión de temas relacionados con estudios sobre competencia a través de publicaciones como el Boletín Latinoamericano de Competencia, la *Competition Policy Newsletter* de la Dirección General de Competencia de la Comunidad Europea, los informes anuales y la Gaceta de Competencia Económica publicados por la Comisión Federal de Competencia de México; y
  - (c) desarrollar un archivo electrónico sobre precedentes, relacionados con los casos investigados, que permita la identificación de casos particulares, la naturaleza de la práctica o conducta analizada, su marco jurídico y los resultados y fechas de resolución.

##### B. Cualquier referencia en este código de conducta a un párrafo o título, se entiende al párrafo, anexo o título correspondiente en materia de solución de controversias de esta Decisión.

##### I. - Responsabilidades respecto del sistema de solución de controversias

Todo candidato, árbitro y ex-árbitro evitará ser deshonesto y parecer ser deshonesto, y guardará un alto nivel de conducta, de tal manera que sean preservadas la integridad e imparcialidad del sistema de solución de controversias.

##### II. - Obligaciones de declaración

##### *Nota Introductoria:*

*El principio fundamental de este código de conducta consiste en que todo candidato o árbitro debe revelar la existencia de cualquier interés, relación o asunto que pudiere afectar su independencia o imparcialidad o que pudiere razonablemente crear una apariencia de deshonestidad o de parcialidad. Existe apariencia de deshonestidad o de parcialidad cuando una persona razonable, con conocimiento de todas las circunstancias pertinentes que una investigación razonable podría arrojar, concluiría que se encuentra menoscabada la capacidad del candidato o árbitro para llevar a cabo sus deberes con integridad, imparcialidad y de manera competente.*

*Sin embargo, este principio no debe ser interpretado de tal manera que la carga de efectuar revelaciones detalladas haga imposible a los juristas o las personas del medio empresarial aceptar fungir como árbitros, privando así a las Partes y los participantes de quienes puedan ser los mejores árbitros. Consecuentemente, no debe requerirse a los candidatos y árbitros revelar intereses, relaciones o asuntos que tengan una influencia trivial sobre el procedimiento.*

*Los candidatos y árbitros tienen la obligación continua de revelar, durante todo el procedimiento, los intereses, relaciones y asuntos que puedan estar vinculados con la integridad o imparcialidad del sistema de solución de controversias.*

*Este código de conducta no determina si, con base en las revelaciones realizadas, las Partes recusarán o destituirán a un candidato o árbitro de un panel o comité, o en qué circunstancias lo harían.*

##### A. Todo candidato revelará cualquier interés, relación o asunto que pudiera afectar su independencia o imparcialidad o que pudiera razonablemente crear una apariencia de deshonestidad o de parcialidad en el procedimiento. Para tal efecto, los candidatos realizarán todo esfuerzo razonable para enterarse de cualesquiera de tales intereses, relaciones y asuntos.

Los candidatos revelarán tales intereses, relaciones y asuntos completando la Declaración Inicial que les será proporcionada por el Comité Conjunto, y enviándola a este último.

Sin limitar la generalidad de lo anterior, todo candidato revelará los siguientes intereses, relaciones y asuntos:

- (1) cualquier interés financiero del candidato:
    - (a) en el procedimiento o en su resultado; y
    - (b) en un procedimiento administrativo, un procedimiento judicial interno u otro procedimiento ante un panel arbitral o comité, que involucre cuestiones que puedan ser decididas en el procedimiento para el cual el candidato esté siendo considerado;
  - (2) cualquier interés financiero del patrón, socio, asociado o árbitro de la familia del candidato:
    - (a) en el procedimiento o en su resultado; y
    - (b) en un procedimiento administrativo, un procedimiento judicial interno u otro procedimiento ante un panel arbitral o comité, que involucre cuestiones que puedan ser decididas en el procedimiento para el cual el candidato esté siendo considerado;
  - (3) cualquier relación, presente o pasada, de carácter financiero, comercial, profesional, familiar o social con cualesquiera partes interesadas en el procedimiento, o con sus asesores, o cualquier relación de ese carácter que tenga el patrón, socio, asociado o árbitro de la familia del candidato; y
  - (4) cualquier prestación de servicios como defensor de oficio, o como representante jurídico, o de otro tipo, relativa a alguna cuestión controvertida en el procedimiento o que involucre los mismos bienes.
- B. Una vez designados, los árbitros continuarán realizando todo esfuerzo razonable para enterarse de cualesquier intereses, relaciones o asuntos a los que se refiere la sección A, y deberán revelarlos. La obligación de revelar es permanente y requiere que todo árbitro revele cualesquiera de tales intereses, relaciones y asuntos que pudieren surgir en cualquier fase del procedimiento. Todo árbitro revelará tales intereses, relaciones y asuntos comunicándolos por escrito al Comité Conjunto, para consideración de las Partes.
- III. Desempeño de las funciones de los candidatos y árbitros

  - B. Todo árbitro cumplirá sus deberes de manera justa y diligente.
  - C. Todo árbitro cumplirá las disposiciones de este título y con las Reglas Modelo de Procedimiento establecidas en el anexo XVI o cualesquier otras.
  - D. Ningún árbitro privará a los demás árbitros del derecho de participar en todos los aspectos del procedimiento.
  - E. Todo árbitro sólo considerará las cuestiones controvertidas que hayan surgido en el procedimiento y necesarias para tomar una decisión. Salvo disposición en contrario de las Reglas Modelo de procedimiento establecidas en el anexo XVI u otras reglas aplicables, ningún árbitro delegará en otra persona el deber de decidir.
  - F. Todo árbitro tomará todas las providencias razonables para asegurar que sus asistentes y personal cumplan con las Partes I, II y VI de este Código de Conducta.
  - G. Ningún árbitro establecerá contactos *ex parte* en el procedimiento.
  - H. Ningún candidato o árbitro divulgará aspectos relacionados con violaciones o con violaciones potenciales a este Código de Conducta, a menos que lo haga al Comité Conjunto o que sea necesario para averiguar si el candidato o árbitro ha violado o podría violar el Código.

- A. Todo árbitro será independiente e imparcial. Todo árbitro actuará de manera justa y evitará crear una apariencia de deshonestidad o de parcialidad.

  - D. Ningún árbitro usará su posición en el panel arbitral o comité en beneficio personal o privado. Todo árbitro evitará tomar acciones que puedan crear la impresión de que otras personas están en una posición especial para influenciarlo. Todo árbitro realizará todo su esfuerzo para prevenir o desalentar que otras personas ostenten que están en tal posición.
  - E. Ningún árbitro permitirá que su juicio o conducta sean influenciados por relaciones o responsabilidades, presentes o pasadas, de carácter financiero, comercial, profesional, familiar o social.
  - F. Todo árbitro evitará establecer cualquier relación o adquirir cualquier interés, de carácter financiero, que sea susceptible de influenciar su imparcialidad o que pudiere razonablemente crear una apariencia de deshonestidad o de parcialidad.
- V. Obligaciones específicas
- Todo ex-árbitro evitará crear la apariencia de haber sido parcial en el desempeño de sus funciones como árbitro o de que podría beneficiarse de la decisión del panel arbitral o comité.
- VI. Confidencialidad

- A. Los árbitros o ex-árbitros nunca revelarán ni utilizarán información relacionada con el procedimiento o adquirida durante el mismo, que no sea del dominio público, excepto para propósitos del procedimiento. En ningún caso, los árbitros o ex-árbitros revelarán o utilizarán dicha información para beneficiarse, para beneficiar a otros o para afectar desfavorablemente los intereses de otros.
- B. Ningún árbitro revelará un informe de un panel arbitral emitido de conformidad con este título antes de su publicación por el Comité Conjunto. Los árbitros o ex-árbitros nunca revelarán la identidad de los árbitros asociados con las opiniones de la mayoría o la minoría en un procedimiento desarrollado de conformidad con este título.
- C. Los árbitros o ex-árbitros nunca revelarán las deliberaciones de un panel arbitral o comité, o cualquier opinión de un árbitro, excepto cuando una ley lo requiera.
